

## 9. How to download the Blackboard Mobile App

### What is Blackboard Mobile Learn?

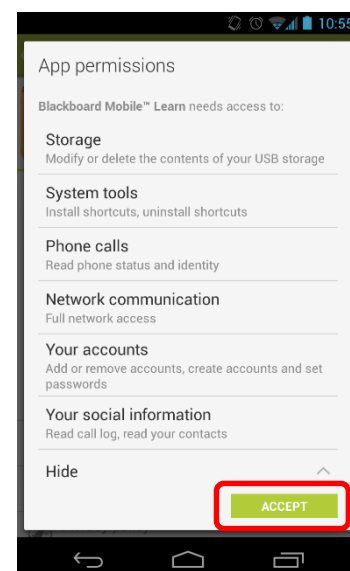

Blackboard Mobile Learn™ is a **FREE** mobile application (App) that brings two-way teaching and learning to mobile devices and gives students full access to their course information directly from their Smartphones or tablet devices.

### Why use the Blackboard Mobile Learn App?

The Blackboard Mobile App gives instant access to IT Carlow Blackboard courses, right from a smartphone or tablet.

### How to download and install the Blackboard Mobile Learn App on a smartphone or tablet device

- Visit the relevant App Market for the device.  
I.e. the **APP STORE** for Apple and **GOOGLE PLAY** for Android
- Search the App Market for **BLACKBOARD MOBILE LEARN** to download it to the device
- When installing on an Android device the user must allow the app a set of permissions. Tap on the **ACCEPT** button
- After installation open **BLACKBOARD MOBILE LEARN** app on the device
- Search for the school: **IT CARLOW**
- Login to Blackboard Mobile Learn using IT Carlow credentials
- Student or Staff ID:      Student number  
e.g. **C12345678**
- Password:                      **6 DIGIT PIN**

### What can Students do on Blackboard Mobile Learn?

- View announcements
- View, Create & Post to threaded discussions and new threads
- View & Create new comments on Blackboard native blogs
- Upload media as attachments on Blackboard native blogs (Android and iOS), as well as uploading non-media files (Android)
- View module content including Powerpoint, Word, and PDF documents
- Access media, including mp3s, music, video, and images
- Track & Manage the progress of tasks
- View class list
